★★★★★ a year ago

Treston Inc. is a 5 Star company and their products are the best in the industry. Their bench accessories are amazing and help recapture valuable real estate on your bench top. Their online 3D Configurator allows you to build your bench and see the results before you purchase. I highly recommend Treston benches and accessories!

The best thing about Treston has been their quality, flexible products and their customer service.

Linda Craig, Director of Operations

The two most important goals were ergonomics and efficiency. This we have reached by using Treston.

Lisanne Broer-van Abeelen, bol.com fulfillment center

SNCF chose Treston for high quality, ergonomics and modularity enabling future modifications

David Lacour, Head of Proximity Tachometry, SNCF Mobility

TERMS AND CONDITIONS

Freight is FOB shipping point, Canton, GA. Freight will be pre-paid and added to the invoice or freight collect according to your written instructions. We will coordinate shipments with your representatives. If the job site is not ready to accept shipments at the time scheduled, we will not be responsible for moving material in or out of storage or other job site locations and any costs incurred. "FOB shipping point" indicates the buyer pays shipping cost to the end user, and takes responsibility for the goods when the goods leave the Treston's premises or the premises of the Treston subcontractor when drop shipping direct from the Treston subcontractor to the end user.

Worksurfaces – While we will always try to ship all products together, due to delivery situations, and order size worksurfaces may need to be shipped directly from our plant in Bow, NH. A confirmation of this decision will be sent to distributor at time the order is placed.

All material is shipped knocked-down unless otherwise noted. Assembly and installation is not included unless otherwise noted on the order.

Receipt of goods must be inspected and inventoried. Any shortage must be reported in writing within 48 hours. Treston's freight terms are FOB Canton, GA. Any freight damage should be noted on the freight bill at the time of receipt. Claims should be reported to the freight company directly as soon as possible. Treston will assist in the claims process but cannot file the claims.

Return policy; All returned goods require a RMA number (Return Merchandise Authorization) issued by Treston, Inc. prior to the return of any goods. All Requests for return authorization must be within 60 days of original invoice. All returns should be packaged so that it is returned in re-sellable condition; returned freight prepaid. Upon receipt and inspection of product, Treston, inc. will issue an 80% credit against applicable invoice if product is deemed re-sellable. Custom or non-standard products may not be returned.

Authorization of partial shipments requires written approval from the distributor and acceptance by Treston, Inc.

Warranty: Steel construction and weldments, (5) five years from date of shipment. Mechanical cranks, fixtures and devices, (1) one year from date of shipment. Electrical motors, fixtures, and devices, (1) one year from date of shipment. All in accordance with established Treston warranty statements.

All products are Treston gray (RAL 7035) in color unless otherwise noted. Special paint colors may incur an additional cost. **Treston standard grey is ESD - without surcharge or additional lead time!**

All items noted with ESD properties are guaranteed to meet ESD requirements specified in the IEC-61340-5-1 standard. Connection, grounding, any local requirements and verification of same is the responsibility of the end user.

Packaging - Treston takes pride in protecting our shipments from damage. Shipments are carefully packed to ensure shipments are received damage-free. Upon shipping, "DO NOT STACK" cones are placed on top of the boxes. A photograph of the shipment is taken of the package to capture the state of the shipment as it is shipped. The photograph provides photo proof to the receiver as to the state of the shipment upon departure from origin.
