TP

Cost-effective, basic
Treston workstation

Sometimes a plain table is all you need. The Treston TP workbench is a solid, standard 4-leg workbench that is suitable for various industrial tasks and environments. A cost-effective alternative that is also easy to customize using the wide range of accessories and add-ons.

TP is guaranteed for regular use with loads up to 660 lbs. Compatible with Treston standard accessories.

- ✓ Height adjustable - 25.6" to 35.4"
- ✓ 4-legged steel structure with a max 660-lb load capacity
- ✓ Large range of sizes available
- ✓ Customizable with additional above-desk accessories which free desk space and further improve order and ergonomics
- ✓ Bench-in-a-box
- ✓ ESD options available

Treston TP workstations are suitable for a variety of uses! With customizable workbench options, TP can be accessorized for use in laboratories, packing, fulfillment, assembly, testing, or quality assurance functions.

Treston's TP workstation can be steplessly height-adjusted with an allen key. With a one-inch thick laminated work surface included, the TP table is a bench-in-a-box, suitable for fast ordering and delivery. Use our 3D Configurator online design tool to quickly design a complete TP table with accessories, at 3d.treston.us.

Browse our Catalog for add-on accessories, carts, storage and more!

Pair your Treston TP workstation with a similarly-designed SAP cart for a complete workspace solution.
